

Year 6 Term 2 2017

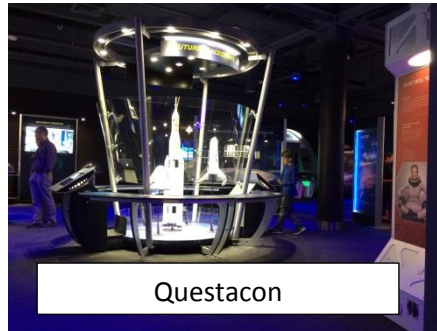

CANBERRA OVERNIGHT EXCURSION

Years 5 & 6 classes go on an annual overnight excursion. This year we went to Canberra as a developmental experience to a unit the children were studying on 'How Australia became a Nation'. Students explored experiences of democracy and citizenship over time. They are coming to understand the significance of Australia's British heritage and the Westminster system that influenced the development of Australia's system of government.

This excursion gave the children a more meaningful insight to the Social Systems and Structures of the Australian Nation. It helped to explain the structures, roles, responsibilities and decision-making processes of Federal Government and explain why Australians value fairness and socially just principles.
